WELCOME TO JAMES' WORLD

A New Chapter Begins

Hello Friend,

First, thank you.

Whether you discovered my books at the Trenton Book Fair, found me online, visited my website, or have been following this journey for a while, I truly appreciate you choosing to be here.

This newsletter is something I've wanted to start for a while. Once a month, I'll use it to take you a little deeper into my world—new books, stories I'm working on, behind-the-scenes updates, upcoming events, and occasionally some thoughts from the man behind the books.

And there couldn't be a better time to begin, because a lot is happening in James' World.

NOW AVAILABLE • RELEASED OCTOBER 21, 2026

The Heartbroken Player

He built a fortress around his heart. Then Elena Vasquez changed everything.

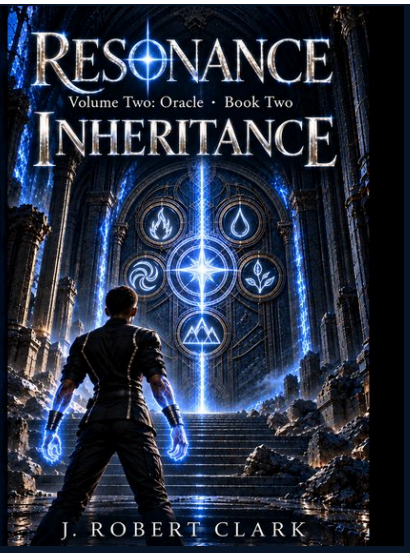

Marcus Hale survived the worst nights of his life by building a fortress. By thirty, his armor is flawless—immense wealth, undeniable success, and careful relationships that demand absolutely nothing real.

Then came Elena Vasquez. She doesn't just see through his flawless performance; she fractures it. Instead of running, Marcus does the one thing he swore he'd never do again—he stays.

At its heart, this is a story about heartbreak, trust, healing, and what happens when someone who has every reason not to love decides whether he's willing to risk it anyway.

Inheritance

RESONANCE: VOLUME TWO — ORACLE: BOOK TWO

Riker Vance survived his first year at Oracle University. Surviving was only the beginning.

As his second year begins, Team Seven faces harder expeditions and heavier responsibilities. Riker remains the exception—an Energy Resonant with no established path and more questions than answers.

A sealed wall responds only to him. Truths about his father's past begin to surface. An enemy knows far too much. And a hidden organization is closing in on the university itself.

Some legacies are passed down. Others are buried for a reason.

NOVEMBER 17, 2026
The second installment of the Oracle trilogy.

FROM THE ROAD

Thank You, Trenton

I also want to thank everyone I met at the **Trenton Book Fair on October 10**.

For an independent author, events like this aren't simply opportunities to sell books. They're opportunities to meet readers, talk about stories, hear what people enjoy reading, and introduce someone to a world they may never have encountered otherwise.

Many of you receiving this first newsletter signed up while visiting me there. Thank you for stopping at my table, talking with me, checking out my books, and deciding that you wanted to continue this journey.

A NOTE FROM JAMES

Thank you for reading my books, supporting an independent author, and—most importantly—giving my stories a chance.

There is a lot more to come.
