About J. Robert Clark

J. Robert Clark is a science-fiction and fantasy author whose stories explore advanced technology, extraordinary abilities, loyalty, family, and humanity's struggle to shape its own future. A U.S. Navy veteran and IT professional, Clark brings a practical understanding of technology and systems to character-driven speculative fiction. His catalog includes The Shadow of Ashes series, the elemental science-fantasy Resonance series, and the children's title Come ABC With Me. Across genres, his work is guided by a simple creative mission: Imagine. Create. Inspire.

The Resonance Series

FIVE ELEMENTS SHAPED THE WORLD. THE SIXTH WILL CHANGE IT.

In a world where elemental powers shape society, Riker Vance has spent years hiding an ability that should not exist. At Oracle, the truth becomes harder to suppress as training, rivalries, dangerous trials, and the mystery of Energy pull him toward a future capable of changing everything.

Series themes: elemental abilities, identity, belonging, academy competition, friendship, hidden history, and the consequences of being different.

The Shadow of Ashes Series

THE FUTURE BEGINS NOW.

Earth's future is being rewritten by corporations, genetic engineering, enhanced humans, and an alien agenda. At the center are the Silk Ashes - people engineered as assets who choose loyalty and family over ownership. The series combines futuristic action, conspiracy, advanced technology, and a fight over what humanity will become.
